

Mentoring volunteers needed

Who?

A Personal Mentor is an adult volunteer who is good at listening, offering support and advice and can give one hour a fortnight (or more!) during the school day.

Why?

To make a positive difference to young peoples' lives, encourage them to raise their aspirations and to think about life after school.

What?

A rewarding and supportive relationship. The Mentor gives individual attention, listens, helps to organise time, shares experiences, helps set targets and talks to their mentee as a friend.
