### Wednesday 14th May

8.am	-onwards meet in School Canteen for breakfast
9.am	Depart for Yorkshire Sculpture Park Workshop <i>Enjoy an experiential tour lasting up to two hours exploring the open-air sculptures within YSP's loan collection through drawing and clay. This is a great opportunity to respond in an immediate and three-dimensional way to sculptures, as well as exploring clay as a sculptural material. At the end of the session participants can take their work home.</i>
12.00	Lunch —packed lunch and Cafe
1.00	Depart, return to The King's School
2.00	Maths/ Science Workshop from the Leeds Museum Discovery Centre <i>'Behind the scenes' - everything you never knew you never needed to know about museums" Students follow an object's journey into the museum, demonstrating the object's documentation, cleaning, numbering, pest management, packaging and also adding a bit of real world maths in the management and maintenance of stable environmental conditions in our store room which houses over 1 million objects. Schools who have done this workshop seem to like the combined elements of science with a window into the organisational and logistical rigour we try to maintain for the good of preserving objects for future generations.</i>
3.15	End of School day
5.00	Bowling
6-6.30	Evening Meal ( Harry's Carvery / Burgers and Cocktails, Flaming Dragon )
